

MPA Uniforms—Grades PreK-4 2011-2012 School Year

The purpose of the MPA Lower School uniform policy is to reduce competition over status and place all students on an equal platform. We deemphasize keeping up with the latest fashions and trying to out-do peers. We believe the substance of a person should send a stronger message than appearance. All students are required to come to school in clean, well cared for uniforms that display no monograms, emblems, labels, or designs. It is the responsibility of the parents to supervise all compliance of the uniform policy. We believe it is important that we work together to follow the spirit of the Lower School uniform policy. Thank you for your cooperation.
