

MPA Ambassador Kit 2012-2013

The MPA Brand:

Mounds Park Academy is **the place to be and become.**

What does this mean?

Here's what one MPA parent had to say:

“The experience MPA provides for students to **be** themselves is truly exceptional, but what's even more amazing is how the students are encouraged to continually discover who they are and who they want to **become.**”

How do we do that? Through opportunity, individuality, preparedness, and connections.

- **Opportunity:** No matter what their age, students at MPA have endless opportunities (and are continually encouraged) to explore their talents and interests. They are able to truly discover who they are and develop their passions.
- **Individuality:** Because students can be so many things at once (poet, painter, potter, mathematician, singer, athlete), they are not put into a category. They really can be themselves, and that is also true when it comes to different learning styles.
- **Preparedness:** They are inspired and challenged by passionate faculty, and they become ready for college and for life. They become excellent writers and confident communicators. They become poised public speakers and well-rounded individuals. They are active citizens who give their time and talents to the community. They are globally aware and most have traveled abroad.
- **Connections:** The MPA Community is about connections. All of our students, PreK-12, are under one roof, interacting and happily coexisting. Small class sizes and dedicated faculty mean that teachers know their students as individuals with unique talents and learning needs. The parent community is active, welcoming, diverse, and engaged. Alumni stay connected to the school and each other because the school has such meaning for them.
