i-Term 2024

MPA MIDDLE SCHOOL i-Term

Week of March 4-8, 2024

PURPOSE AND OVERVIEW

Mounds Park Academy's i-Term provides students in grades five through eight with a unique opportunity to embody MPA's mission of thinking independently and learning joyfully by participating in a one-week enrichment experience. i-Term courses are designed to provide inquiry-based, experiential learning beyond the classroom. The project-based, focused nature of i-Term offerings enables students to learn new skills, do things that are not possible within a normal school setting, and be exposed to things they would not be otherwise. Students will venture into the community, work with experts in a particular field, and create new friendships along the way during this signature experience.

STUDENT OWNERSHIP

While students are required to participate in i-Term, they are empowered to select a course that will either deepen their current understanding of a topic or introduce them to a new area of interest.

REGISTRATION PROCEDURES

Students will be asked to select three courses for i-Term. While class sizes are purposefully kept small to ensure an intimate learning environment, every effort will be made to match students with their top choices. Once a student is registered and confirmed in a course, no changes will be made. Students should list three courses they want to take—please do not list a course you would be unhappy to attend.

FINANCIAL CONSIDERATIONS

Course fees are used to offset the cost of transportation, field trips, community and guest speakers, and other excursions. Once course selections are finalized, course fees will be assessed through the Business Office and TADS. If the course fee associated with your student's preferred i-Term experience presents a financial hardship for your family, please contact Jenn Milam to discuss options.

USING THIS DOCUMENT

i-Term courses are divided into three categories—Making & Design Thinking, Culture & Community Explorations, and Creative Arts & Play. They are color coded as indicated below. Use this document to review course content and select your ideal i-Term course.

MAKING & DESIGN THINKING

CULTURAL & COMMUNITY EXPLORATIONS

CREATIVE ARTS & PLAY

i-Term ONLINE:

moundsparkacademy.org/iterm

SURVIVOR MPA

COST: \$200

Do you love the TV show “Survivor”? If so, this i-Term might be for you. Students will work in teams to solve puzzles, complete physical challenges, and compete to earn prizes. Throughout the week, students will study games and social theories. Likewise, students will explore interpersonal relationships, and explore societal norms. Field trips during the week include an Escape Room and SkyZone Trampoline Park!

STRATEGY GAMES AND DESIGN

COST: \$50

Would you like to experience different genres of games by learning to play a deck-building game called Dominion, a cooperative game like Pandemic, a bluffing game called Coup, and a tile design game like Azul? Playing strategy games develops analysis and problem-solving skills and helps build communication and negotiation ability through face-to-face competition and cooperation. Join us as we learn how to play, analyze, and form winning tactics and strategies for several different genres of strategy card and board games. We will also travel to Fantasy Flight Games in Roseville to interact with game designers, see how games are produced, and (if our timing is right) act as game testers. Afterward, we will develop and design a prototype for an original strategy game. If you love games and strategy, this is the i-Term course for you!

WOODWORKING: CREATING AND FINISHING FURNITURE

COST: \$75

This woodworking course will allow students to build a piece of furniture that is completely made from wood. Within this course, students will learn how to use different machinery and power tools that allow them to cut, shape, and create their work. Students will also learn how to sand and paint/clear coat their pieces of woodwork. While students will have to follow directions on how to build their product, they will have the opportunity to add their own personal flare to their project. Students will be able to choose one project to build from a list of different pieces. In addition to students building their own product, they will take a field trip to see how a business interacts with people who do woodworking daily or as a hobby.

STORYTELLER'S WORKSHOP

COST: \$30

Whether we realize it or not, stories surround us every single day. We say things like “Guess what happened today?” and “What did you do over the weekend?” as well as read books, watch movies, listen to podcasts, and more. But how are stories constructed? Why are they important? Are they different across genres, mediums, and areas of the world? These are some of the questions we will explore in the Storyteller’s Workshop. This takes the foundation of what you might’ve learned in classes in school by expanding it and diving deep into the wonderful world of story. Not only will we examine different stories across genres and mediums, but we’ll also be creating our own and hearing from professional storytellers. We won’t just be writing (although there will be some of that!). We will also use video, hands-on design, speaking, and more to reveal our own stories to the world. So, sharpen your pencils, take out a notebook, and let’s dive in. Your stories are waiting.

WILD WILD WEST: NATIONAL PARK EXPEDITION

CULTURAL & COMMUNITY EXPLORATIONS

FRENCH IMMERSION TRIP TO QUEBEC, 2024

COST: \$2675*

*There is a \$350 supplement for a single room and \$225 to share a double room for adults who join this trip.

We are thrilled to announce an i-Term language and culture immersion trip Québec City, Canada! This trip offers the chance to sample a taste of Europe in North America with its historic walled city and its French language and heritage.

During this five-day adventure, we'll explore Canada's oldest neighborhood on foot and visit the interactive Musée de la Civilisation to learn about Quebec's history and people. We'll engage in multiple interactive games and activities at the Musée du Fort and Soldat de la Tour in Martello Tower as we explore le Vieux Québec. We'll also enjoy seasonal activities like snowshoeing, tobogganing on the famous Dufferin Terrace and visiting the impressive Ice Hotel. We'll head into the mountains to enjoy a traditional meal at a Sugar Shack, while taking in traditional music and dance.

But that's not all! Our visit will also include a traditional breakfast at Huron-Wendat Village, including a guided visit of the village with interactive games. We'll also explore the Beaupré Coast and visit Montmorency Falls Park with a cable car ride to the top of the falls. Our visit to the Beaupré Coast will also include a visit to the Copper Museum, with tools and copper awaiting us for the challenge. No visit will be complete without a guided visit of Cathédrale Ste Anne de Beaupré, a world-famous pilgrimage site. Our visit to Canada will end with a tour of Montreal and a visit to the world-famous farmers' market, where we'll get to practice our French as we order our final Canadian meal before we head home.
