

MINUTES FROM PA ROUND TABLE MEETING – PORTER CONFERENCE ROOM MARCH 14, 2019(8:00AM)

Present: Current and Past PA Board Members and Gina Wallraff

Discussion & Updates:

- Believed that a 501(c)(3) entity involves more risk (legally, financially, administratively and economically), and more responsibility.
- If dissolved 501(c)(3) status all issues stated above would be covered by and under the school's administration and the school's liability policy.
- According to Gina the PA would still have control of its funds. School would simply act as an accounting dept.
- Concerns stated were that it could effect community perceptions of the PA.
- It was mentioned that before any final decision was made the current Board would await the ISACS in its final report regarding the PA's 501(c)(3) status.
- Current has agreed to address maintaining or terminating our 501©(3) status at our next Board Meeting on April 4, 2019.
